TAYLOR & ANDREW

PALMETTO BLUFF
SOUTH CAROLINA

photographed by
TRACY TURPEN

Classic and Enchanting “We wanted the wedding to feel elegant, classy and filled with Southern charm,” bride Taylor says with a smile, recalling the sweet, easy touches that made her big day a Lowcountry dream. From the blossoms to the beverages, every detail was an homage to the deep south. Standing against a serene tidal creek and soaring oak trees, the bridal party held lush bouquets of gardenias and hydrangeas as Taylor and Andrew said “I do.” After the vows, guests kicked back for a Carolina evening to remember, indulging in sweet tea vodka cocktails and traditional barbecue sliders between dances. And for dessert? The couple invited close friends and family to late-night s’mores by the fire pit at the Inn—because sometimes a slice of cake just isn’t enough.

FAVORITE MOMENT

• • •

"We both loved having a private photo session before the wedding ceremony. After being engaged for a year and a half, this simple hour before the ceremony gave us a chance to let everything really soak in. Our day was finally here and we enjoyed taking a few moments for ourselves to be emotional and overjoyed together before the busy evening."
